

EnglishPod Lesson Introduction

0263 Global View - Nationalities

When learning a new language, it is hard enough to learn a new way to pronounce a country's name, let alone to learn what to call that country's people. In English, there are some rules such as add an "an" or add an "ese" to the end of the country name, but in other cases, such as calling someone from Poland a 'Pole', identifying someone's nationality is not so obvious.
